Frankfurt am Main, March 2021

To the competent Airport authorities and Airlines

The Joint Resolution N° 11/2020 (Resolución Conjunta 11/2020 - RESFC-2020-11-APN-MS) of the Ministry of Health – Argentine Republic – and the National Migration Directorate- Argentine Republic – establishes the requisites for entering Argentina for direct relatives of Argentine nationals and residents.

The Disposition of the National Migration Directorate- Argentine Republic – (Disposición 3763/2020 - DI-2020-3763-APN-DNM#MI) establishes that the aforementioned foreigners are those who, by virtue of bilateral agreements of unilateral measures, do not require visa for entering Argentina.

It is therefore relevant to highlight that an express authorization on behalf of the Argentine consular authority is not required for those foreigners who fall under the purview of the cited regulations.
